

Interior Cab Lighting Kit

Nordco has introduced the following kit for use on the TRIPP Tie Remover/Inserter.

INTERIOR CAB LIGHTING KIT

Nordco part number 98760056

**Machine serial numbers 760134 - 760324
(except 760320)**

This kit provides additional lighting inside the TRIPP cab.

- Improved visibility, especially when working in northern areas where nightfall comes early; also in other low light conditions such as woodlands and tunnels.
- Adjustable light source: Two 5-Watt halogen lighting units on swivel mounts make it possible to direct light where it's needed.
- Heavy duty construction withstands vibration experienced during work and travel.
- Easy, fast installation in field or shop.

Nordco TRIPP Tie Remover/Inserter.

Interior Cab Lighting Kit 98760056 is a complete, ready-to-install unit.
