

## PRODUCT SUPPORT BULLETIN BULLETIN NO. 354

DATE: **July 31, 2002**

MACHINE: **Model C Spiking Machine and M3 Multi Modular Machine**

SERIAL  
NUMBER(S): **All**

SUBJECT: **Discontinuing of Repairs on Older Design Circuit Boards**

Effective October 1, 2002, NORDCO will discontinue repairs on older style circuit boards for the Model C Spike Driver and the M3 Multi-Modular machines.

Because NORDCO is continually striving to improve our products, these boards have all been replaced by a more reliable design. The latest design features on-board output circuit breakers and a fault indicator light as well as a more reliable relay based output circuit. In order to decrease the number of obsolete boards in the field, we will only repair the current design boards. The current design boards are listed below:

|                                    |  |
|------------------------------------|--|
| <b>Main Board.....96410870</b>     | <b>Pulse Board.....96410878</b>              |
| <b>Gun Board .....96410872</b>     | <b>Gager Board .....96410880</b>             |
| <b>Function Board.....96410874</b> | <b>Puller Board .....96410561 (M3 Only)</b>  |
| <b>Nipper Board.....96410876</b>   | <b>Screw Remover Board96410559 (M3 Only)</b> |

The obsolete, older boards are listed below. **These boards will not be accepted for repairs effective October 1, 2002. A \$100 (US) discount on the purchase price of a new board will be offered until March 30, 2003 in lieu of repairing the following obsolete boards. Old boards must be sent to NORDCO to qualify for the discount price. New boards will not be shipped until the old boards are received:**

|                                    |                                  |
|------------------------------------|----------------------------------|
| <b>Main Board.....96410547</b>     | <b>Nipper Board.....96410553</b> |
| <b>Gun Board .....96410549</b>     | <b>Pulse Board.....96410555</b>  |
| <b>Function Board.....96410551</b> | <b>Gager Board .....96410557</b> |

**Also, the following boards are not currently being accepted for repairs. Please note, these boards do not qualify for the \$100 discount toward the purchase of a new design board:**

|                                    |  |
|------------------------------------|--|
| <b>Main Board.....96430093</b>     | <b>Nipper Board.....96410092</b>             |
| <b>Main Board.....96410141</b>     | <b>Pulse Board.....96410094</b>              |
| <b>Gun Board .....96430088</b>     | <b>Gager Board .....96410095</b>             |
| <b>Gun Board .....96410212</b>     | <b>Puller Board .....96450720 (M3 Only)</b>  |
| <b>Function Board.....96410091</b> | <b>Screw Remover Board96450341 (M3 Only)</b> |
