**MACHINE MODEL(S):** CX Hammer Spiking Machines

**SERIAL NUMBER(S):** 410500 and above

**SUMMARY:** Due to design improvements to the CX Hammer, and the introduction of several different engine options, there are now several different manuals for the CX Hammer. Use the list below to order the correct manual for your particular machine. The original 49455283E and 49454100 part numbers for the Operation and Parts Manual for this machine will no longer be available.

**OPERATIONAL IMPACT:** There are different mechanical parts sheets and electrical schematics required for the various types of engines. A manual specific to a particular machine will ensure that the parts sheets and schematics are correct for a given machine/engine combination.

**ACTION:** Replacement Operation and Parts Manuals must be ordered using the manual numbers shown below. Please make sure to order the correct manual number for your particular machine.

| Machine                                                | Manual          |
|--------------------------------------------------------|-----------------|
| S/N 410500 to 410603.....                              | <b>49454101</b> |
| S/N 410604 and Above with John Deere 4045D Engine..... | <b>49454102</b> |
| S/N 410604 and Above with Cummins B4.5T Engine.....    | <b>49454103</b> |
| S/N 410604 and Above with John Deere 5030D Engine..... | <b>49454104</b> |

**WARRANTY:** None
